

Equal Groups

Advanced

No picture — write the two forms, then find missing numbers.

Name: _____ Date: _____

Think: Groups $\times$ in-each = total. If you know the total and one part, divide to find the other.

1. Write each as repeated addition and as multiplication.

1) Write it two ways.

There are _____ groups of _____.

_____ + _____ + ... = _____ or _____ $\times$ _____ = _____

3) Write it two ways.

There are _____ groups of _____.

_____ + _____ + ... = _____ or _____ $\times$ _____ = _____

5) Write it two ways.

There are _____ groups of _____.

_____ + _____ + ... = _____ or _____ $\times$ _____ = _____

2) Write it two ways.

There are _____ groups of _____.

_____ + _____ + ... = _____ or _____ $\times$ _____ = _____

4) Write it two ways.

There are _____ groups of _____.

_____ + _____ + ... = _____ or _____ $\times$ _____ = _____

6) Write it two ways.

There are _____ groups of _____.

_____ + _____ + ... = _____ or _____ $\times$ _____ = _____

2. Find the missing number.

1) $9 \times \underline{\hspace{1cm}} = 45$

3) $4 \times \underline{\hspace{1cm}} = 32$

2) $\underline{\hspace{1cm}} \times 6 = 54$

4) $\underline{\hspace{1cm}} \times 9 = 54$
